Biography

Early life

As little is known, George was born sometime in May of the year 1030. Born of the union between two settlers destined to populate what would be much later, the city of Kagen. Some say that his mother was a witch, who abandoned her old life. But that is just a legend which has not been proven true.

What we do know is that George didn't spend much time in that place. His parents apparently died because of the attack of some swamp monsters, but he was saved by the legendary witcher Raven, who, according to the records of Kaer Y Seren's library, would become his teacher.

Since 1050, he would begin his career as a witcher. And it would be from this moment, in which his legend would begin. Mixing reality and fiction until today.

The story of one of his first contracts, became famous and very respected among those of his profession, even so much so that, the witchers of the School of the Wolf, dedicated him a mural in Kaer Morhen.

It is also known that he was the master / father figure of the witcher known as Old Keldar.

Death

Personality & Traits

As far as his stories and legends are concerned, George had a very chivalrous and noble spirit. Like other witchers of his school.
